PROFESSIONAL PROFILE

Monitoring, evaluation, and learning professional with over 15 years designing MEAL frameworks, leading participatory reviews, and institutionalizing evidence use for programs funded by USAID, ECHO, the EU, WHO, GIZ, and the Red Cross movement. Led mid-term reviews, baseline and needs assessments, and conflict-sensitive evaluations across Mindanao, the Visayas, and Metro Manila — converting field evidence into actionable program and policy recommendations. Developer of digital M&E platforms (DDRiVE-M and Strat Planner Pro) that embed KPI tracking, vulnerability monitoring, and adaptive management into institutional practice.

CORE COMPETENCIES

- MEAL Framework Design & Implementation
- Participatory & Conflict-Sensitive Evaluation
- Baseline, Needs & Vulnerability Assessment
- Results Frameworks, KPIs & Theories of Change
- Mixed-Methods Data Collection (FGDs, KIIs, Surveys)
- Learning Research & Knowledge Management
- Digital M&E Platforms & Dashboards
- Data Analytics for Development (Project SPARTA)
- Case Studies & Significant-Change Documentation
- Accountability to Affected Populations
- Adaptive Management & Utilization-Focused Learning
- M&E Capacity Building

KEY ACHIEVEMENTS

- Led the participatory Mid-Term Review of CONSENT DRR II (German Red Cross / Philippine Red Cross, 2022) — delivering conflict-sensitive findings and recommendations that strengthened DRR-CCA and peacebuilding integration.
- Designed M&E frameworks and tailored capacity-building programs for emergency health systems with WHO and the Department of Health (2023).
- Developed, deployed, and published the Baseline and Needs Assessment Survey Report informing the Organizational Unit Performance Management System of De La Salle University (2024).
- Built DDRiVE-M, a data-driven risk and vulnerability monitoring platform institutionalizing evidence use across government and development stakeholders.
- Reviewed vulnerability targeting criteria and assessed shock-responsive livelihood options for ECHO-funded MOVE UP urban resilience programs in Metro Manila and Mindanao (2019–2021).
- Produced evaluation and learning knowledge products — process manuals, sub-national policy reviews, and situational assessments — adopted by ECHO, GIZ, and USAID partners.
